Date of Inspection: April 15, 1999  
Time of Inspection: 1545  
Conditions: Warm and Windy  
Participants: Lynn Kunzler and Doug Jensen DOGM

Purpose of Inspection: Document site conditions

Mr. Laub has upgraded a portion of the existing access road into the site. Some work has been done to reclaim the area within the old quarry. A minor amount of material pushed into the site to roughly level the area and there is some evidence of reseeded.

Less than .5 acre disturbance. This site is in compliance. Photos taken. GPS used to obtain UTM coordinates.
